

HALLOWEEN SAFETY

Wear a costume that fits and one that you can see out of it.

A brightly colored costume is better for drivers of vehicles to see.

Carry a flashlight to see and to be seen.

Go out with an adult and go out early.

Watch when crossing a street. You might be having fun and you might be excited, but remember safety first.

It is best to go to only homes that you know.

Do a quick check on your candy when you get home before eating it.

HAVE A HAPPY AND SAFE HALLOWEEN.
