New Shooters welcome! The Steel Challenge is a good way for new shooters to get started. And a great way to practice and have fun even for experienced shooters. Divisions for center fire pistol, rimfire pistol, and rimfire rifle. Three stages shot each week. Each stage has 5 steel targets ranging from 10" round steel plates to 18"x24" steel plates placed from 7 to 35 yard away. Hit all five in the shortest time you can, your time is your score. No limit on the number of shots. Try five times each stage and your best 4 times count.
