3. **GENERAL TERMS AND CONDITIONS**

- 3.1. Engineer's obligation for any failure to perform its Services in accordance with generally accepted engineering practices, whether in tort or in contract, shall be to reperform those non-conforming Services so long as such failure is reported in writing to Engineer within thirty (30) calendar days following the discovery thereof, but in no event later than one (1) year from the date on which such Services were performed. .

- 3.3. Engineer shall endeavor to prepare cost estimates, project time schedules, reports, or any other deliverable as accurately as possible based on current information and experience. It is expressly acknowledged that information and data provided by others, which may constitute the basis for these deliverables, has not been independently verified by Engineer. In addition, Owner acknowledges that the cost estimates, project schedules, reports, or any other deliverable generated by Engineer are time sensitive and changes in the underlying data, applicable codes, standards, and acceptable engineering practices, as well as the passage of time, may affect the accuracy of the deliverables provided to Owner.
- 3.4. Neither party shall be liable for any fault or delay caused by any contingency beyond such party's control such as wars, acts of terrorism, strikes, walkouts, fires, pandemics, natural calamities, or demands or requirements of governmental agencies.
- 3.5. It is the desire of the parties to keep changes in the scope of Services at a minimum, but the parties recognize that such changes may become necessary and agree that they shall be handled as follows: Owner may initiate a change by

advising Engineer in writing of the change believed to be necessary. Engineer shall prepare and forward to Owner a cost estimate of the change which shall include the adjustment to the total compensation and schedule applicable thereto. Owner shall advise Engineer in writing of its approval or disapproval of the change. If Owner approves the change, Engineer shall perform the Services as changed. Engineer may initiate changes by advising Owner in writing that in Engineer's opinion a change is necessary. If Owner agrees, it shall advise Engineer and, thereafter, the change shall be handled as if initiated by Owner.

- 3.6. This Agreement will be governed by and interpreted in accordance with the laws of the State of Nebraska, without regard to its choice of law provisions. The words and phrases of this Agreement shall be given their ordinary English meaning. The laws of the State of Nebraska govern all matters arising out of or relating to this Agreement. In an effort to resolve any conflicts relating to this Agreement or that arise during any phase of or following completion of the Services, Owner and Engineer agree to negotiate in good faith in reaching an equitable agreement. If a satisfactory agreement is not reached between the executives of both Parties after a reasonable time period (not to exceed sixty (60) calendar days after the date on which one Party notifies the other Party in writing of the dispute), Owner and Engineer agree that any dispute may be submitted to litigation for final resolution, unless the Parties mutually agree otherwise. Any Party bringing a legal action or proceeding against the other Party arising out of or relating to this Agreement submits to the exclusive jurisdiction of and shall bring the legal action or proceeding in the United States District Court for the State of Nebraska or in any court of the State of Nebraska.
- 3.7. Engineer may have portions of the Services performed by its affiliated entities (or their employees) or submit invoices from such affiliates, in which event Engineer shall be responsible for such Services and Owner shall look solely to Engineer as if the Services were performed by Engineer.
- 3.8. This Agreement may be terminated for the convenience of either party at any time by providing thirty (30) days prior written notice.
- 3.9. Notwithstanding anything to the contrary, in no event shall Engineer at any time be liable for special, incidental, punitive or consequential damages, including, but not limited to, loss of profits, loss of revenue, loss of use, loss of capital, claims of customers, cost of purchased or replacement power, or for any other loss of any nature, whether based on contract, tort, negligence, strict liability or otherwise, and arising from any cause whatsoever by reason of the Services rendered under this Agreement. The foregoing waiver shall not apply to the extent that Engineer discloses the Owner's Confidential Information with gross negligence, willful misconduct or the intent of deliberately breaching its obligations under this Agreement for its own gain.
- 3.10. Any term or provision of this Agreement found to be invalid under any applicable statute or rule of law shall be deemed omitted and the remainder of this Agreement shall remain in full force and effect.

- 3.11. This Agreement gives no rights or benefits to anyone other than Owner and Engineer and does not create any third party beneficiaries to the Agreement.
